

MONROE ATHLETIC BOOSTER CLUB

Be a part of Hornet history AND help beautify the school grounds!

The Monroe Athletic Booster Club is offering a variety of tree selections to be planted on both sides of Hornet Drive – the road leading up to the school. Proceeds will be used to support the student-athletes.

This is a wonderful way to honor family members, graduating classes, faculty, coaches, teams, bands, clubs, past booster members, businesses & friends of the school. A total of 54 trees will be sold. Species include the following:

- 23 Norway Spruce
- 9 Sugar Maples
- 7 Cleveland Select Pears
- 5 Prairie Fire Crab
- 3 Red Maples
- 7 Red Jewell Crab

The price for each tree is \$325. Trees will be planted according to a landscape layout designed by Berns Garden Center. Engraved plaques and concrete bases are available for an additional \$25.

Once an order is placed, the tree will be purchased by the Booster Club from Berns Landscaping and planted as weather permits. Berns will plant and mulch all trees.

If you are interested in participating in this project, contact Tom Leeds @ 513-539-8824 or Dave Hughes @ 513-539-8870 to order your tree.
